I am comfortable with these. For BPMD, is there something Mathy was looking for in the BPMD listing announcement that is supposed to reflect upon the historic nature of these releases and move it away from the GKM release and response?

Martin and Sandy – attached are the draft regional press releases for both sites – based on the current schedule of publishing the rule on Sept 8, HQ will issue national press releases on Sept 6 (2 days prior) and the region will follow suit. OCPI has the lead in getting the press releases finalized including ensuring Shaun is good with the quotes. On BPMD, Andrew is working closely with Nancy G to get HQ approval.

Please let me know if you have any edits/concerns, hopefully by COB Tuesday as we are on a tight deadline. Thanks Johanna
